

40 YEARS OF DREAMS, STORIES AND PERFECT REST – CELEBRATE MATRI'S ANNIVERSARY!

In 1985, something remarkable happened in Salo, Finland – the founding of Matri. For 40 years, Matri has been part of life's most meaningful moments – furnishing homes, providing rest in everyday life, and creating havens of peace in a busy world. Thousands of dreams have been dreamed in Matri beds, supporting health and well-being for generations.

To celebrate our 40-year journey, we are offering you the chance to make a life-changing investment. Enjoy 15% off our most popular Continental beds, Tyjni and Aurea. Both models are designed to support your body's health and deliver years of perfect sleep.

40 years is just the beginning. Matri continues to grow and evolve, but one thing remains constant: our commitment to creating perfect sleep for those who value rest as a cornerstone of well-being.

The campaign is available for a limited time – choose your Matri bed today and enjoy sweet dreams for the decades to come.

The campaign applies to Tyjni and Aurea box spring beds, including toppers and bed legs, until 15.2.2025.
